Subject: File# EB-2019-0159

These are the reasons I do not want the proposed brand new 48" Enbridge fracked gas pipeline across rural Hamilton (called Enbridge 2021 Dawn Parkway Expansion, file number EB-2019-0159).

***1st of all March 18, 2019 Hamilton declared a Climate Change Emergency! Our city has vowed to treat climate change as an existential crisis. It has establish a task force across numerous departments and try to achieve net zero carbon emissions by 2050!**

***Environmental Damage caused by Fracking!**

***Drilling for fracked gas pollutes water with dangerous chemicals you cannot see with the naked eye: Benzene, Toluene, Ethylbenzene, Xylene, Formaldehyde, Sulfoxide, Nitrogen Oxides, Particulate matter 2.5 that have been linked to cancer, birth defects, and infertility!**

***I care about our Earth and all living things.**

***We need to focus on Renewable and Sustainable Energy Sources!**

***Indirect Impact of Pipelines should be included in Assessments!**

*** Impacts related to the methods of upstream natural gas extraction (such as hydraulic fracturing) for natural gas that will be transported through the pipeline**

***Impacts related to the ultimate downstream consumption of the natural gas transported through the pipeline**

***Pipelines leak, rupture and destroy Environments, Water, Wildlife, Land, Air and Human Health!**

Peace Joy and Love be with you always
