**Subject:** OEB needs to consider climate impacts of Enbridge gas pipeline

To Ontario Energy Board,

I am writing to state clearly that I do not agree with the ENBRIDGE DAWN-PARKWAY PIPELINE EXPANSION. Increasing fracked gas from the US for use in ON will only increase the greenhouse pollution. It will also destroy ecologically needed wetlands. We are in a climate crisis and need to be acting with emergency responses to decrease the ONTARIO produced carbons not increase them.
