Re: Toronto Hydro-Electric System Limited 2020-2024 Custom Price Cap Index (PCI) Application  
AMPCO Cost Claim  
Board File No. EB-2018-0165

Dear Ms. Walli:

Attached please find AMPCO's cost claim in the above proceeding.

AMPCO's intervention was focused primarily on key cost drivers in the application including THESL's proposed \$2.83 billion capital plan, the most significant driver of the proposed rate increases. AMPCO also focused on other areas of interest to AMPCO's members including reliability, power quality and customer engagement. AMPCO worked with other parties on the issues and focused its analysis on areas not covered by others in order to minimize duplication.

Please do not hesitate to contact me if you have any questions or require further information.

Best Regards,
