Dear Energy Board,

Over recent years I've had
some experiences with Sabridge Gas Inc.

Persuant to your notice in
The Globe & Mail I wish to file a letter
with my comments, as an intervener if possible?

At this same time, one notices
that there is no address provided in your large $\frac{2}{3}$ page
notice. Not is there a fax number. How would
anyone know where to write? Finally, one must
raise an eyebrow over your deadline date of
Nov. 11/19. As you must know this is the long
weekend (Remembrance Day is Nov. 11/19), therefore
anyone responding to your notice would have a
hard time getting through and/or being heard!
Is this a deliberate ploy of OEB to restrict
citizen input? Sincerely WIMELNYK
