Dear Ms Long:

**Re: EB-2019-0159 Enbridge Gas Inc. 2021 Dawn Parkway Expansion
GEC and ED Intended Evidence**

Pursuant to Procedural Order #2 in this matter I can advise that GEC and ED intend to jointly file evidence as follows:

Report of Energy Futures Group on energy efficiency alternatives. (Issues 1 and 3)

Report of Resource Insight Inc. on need and alternatives. (Issues 1, 3, and 5)

This will consider:

- capacity
- load projections (and risks to same)
- cost/benefit of the proposal
- availability and relative rate implications of alternatives (focussing on non-facility options)

Sincerely,

David Poch
