Subject: Natural gas expansion is no climate solution for Ontario

To Ontario Energy Board,

Please note that as Ontario residents my husband & I STRONGLY OPPOSE this ENBRIDGE proposal to build a large Pipeline expansion through our province & through our ecologically significant wetlands which are so essential to combatting CLIMATE CHANGE. It is YOUR Responsibility now to PRIORITIZE THIS CLIMATE CRISIS & its already severe impacts on our infrastructure, our economy & public health, before it reaches the tipping point & is too late to halt or mitigate. We must DECREASE our GHG EMISSIONS NOW — & instead invest in renewable energy & in the massive # of exciting new clean energy jobs that will be available with our Ont. Govt's support for retraining & for home retrofits, etc. etc.

PLEASE RECOGNIZE
YOUR ESSENTIAL NEW RESPONSIBILITIES RE. OUR CLIMATE CRISIS, AND
PLEASE DO NOT APPROVE THIS PIPELINE PROPOSAL!

Dr. Patricia Morton

[REDACTED]

Yours truly,

Dr. Patricia Morton [REDACTED]
