Subject: Natural gas expansion is no climate solution for Ontario

To Ontario Energy Board,

I'm very upset to hear about the The Dawn-Parkway pipeline. Increasing natural gas pipeline capacity does not square with Ontario's environment plan which relies on a significant decrease in natural gas emissions to meet its carbon pollution reductions.

OEB reviews of energy projects need to consider alternatives like investments in energy efficiency, conservation and renewable energy.

Please hold a fully transparent oral hearing, open to the public. The Enbridge Dawn-Parkway pipeline proposal affects all people living in Ontario

Shelley Savoy
