Subject: Enbridge's Dawn-Parkway gas pipeline proposal

To Ontario Energy Board,

I am writing today to convey my concerns about the planned Enbridge Dawn-Parkway pipeline expansion. The risk to the local environment and the expansion of fossil fuel use at this time is not acceptable. Please consider the future our kids are facing and pursue carbon neutral sources of energy. At this time in history, every new pipeline and fossil fuel project is a mistake, and future generations will wonder how we carried on with technologies proven to be destroying our only home. Please reconsider this project. I'm asking as an Ontario resident and as a mother of a toddler.

Julianna Hobbs
