The hearing should be oral and I shall like to attend even as an intervenor.
Hydro should list the salaries and compensations for all levels of its employees including directors and executives for the last 5 years showing increases.
Hydro should provide to the public the impact these proposed increases applied for will have on the salaries and compensations. What portion of these increases sought will go to salaries and compensation. Without these information, Hydro's application should not be approved.
Hydro should justify the increases.
Thanks.
Nash.
