Subject: Enbridge's Dawn-Parkway gas pipeline proposal

To Ontario Energy Board,

Do we really still need to list all the reasons that pipelines are NOT a good idea??
How far are our collective heads in the sand about this issue??
There ARE many alternatives to the disgusting mess that oil is making...polluting our precious water and land that sustains us all.
There ARE millions of jobs to be had from clean energy projects.
There will be NO hope for our children and the next generations of all sentient beings if we keep going forward in this insane manner.
Please think and act like a responsible human and stop promoting that which is killing us.
