Dear Ms. Long:

**Re: EB-2019-0194 Enbridge Gas Inc. (“Enbridge Gas”, or the “Company”)
2020 Rates – Request for Extension of Filing Date for Reply Argument**

In Procedural Order No. 3, the Ontario Energy Board (Board) set a schedule for the exchange of argument in this proceeding, including a deadline of April 1st for intervenor submissions and April 15th for Enbridge Gas’s Reply Argument. In a letter dated March 25, 2020, the Board indicated that if any party requires an extension to a current procedural deadline, the party should file a request with the Board.

Enbridge Gas requests a one week extension of the deadline for Reply Argument, so that the Company has three weeks to prepare and file its submission.

Enbridge Gas expects that most or all of the 18 registered intervenors (including Board Staff) will file submissions on some or all of the outstanding items. The extra one week for completing and filing Reply Argument is requested because of the challenges associated with all involved Enbridge Gas stakeholders working remotely with less access to resources as is ordinarily the case.

Enbridge Gas would not object to a modest extension to the intervenor submission deadline beyond April 1st, but requests a three week period beyond any new deadline for the filing of Reply Argument.

Please contact the undersigned if you have any questions.

Yours truly,

(Original Signed)
