Schedule 3

Part VI: Other Information

2664835 Ontario Inc. (the Recipient) intends to reconfigure its customer-owned substation (COS) in order to accommodate the installation of a new customer owned high voltage switchgear (CO-ST76855) by connecting its existing vault type transformers (XTS) and a new customer owned pad mount transformer (CO-ST76855-T2). Currently the Recipient has three (3) single phase vault type transformers (XTS) (the Assets) owned by Toronto Hydro-Electrical System Limited (THESL) feeding their location. The recipient made a request to THESL to purchase the Assets from THESL to give effect to the new COS configuration. If the Assets are not transferred, the Recipient would be required to purchase new equipment with the same functionality.

THESL is agreeable to the transaction. THESL will continue to provide service to the Recipient. The transaction will not adversely affect the safety, reliability, quality of service or operations of THESL or the Recipient. The new COS configuration will remain in alignment with current THESL standards and practices.
