Dear Ms. Reffle:

Re: EB-2019-0252 Application for 2020 Rates - Veridian Rate Zone (VRZ)

The OEB provided a draft Decision and Rate Order and draft Tariff of Rates and Charges in relation to the above-noted proceeding on March 6, 2020.

On March 11, 2020, in its comments on the drafts, Elexicon Energy Inc. (Elexicon Energy) requested that minor corrections be made in the Draft Rate Order and Rate Generator Model.

The OEB has amended the Draft Rate Order to include the heading "Tariff of Rates and Charges". The OEB has also updated the Rate Generator Model with the revised default provincial-wide microFIT charge.

Elexicon Energy also provided clarification on its accounting practices for Accounts 1588 and 1589, acknowledged that the OEB requires a more strict adoption of its February 2019 accounting guidance, and confirmed that the VRZ will modify its accounting process accordingly as soon as administratively possible. No change to the Decision and Rate Order is required.

The OEB has now issued a final Decision and Rate Order, together with a final Tariff of Rates and Charges. Copies of these documents are enclosed with this letter.

Yours truly,
