Dear Ms. Long:

**Re: Elexicon Energy Inc. – Veridian Rate Zone  
2020 Price Cap IR Distribution Rate Application  
OEB File No: EB-2019-0252**

Subsequent to the issuance of the Ontario Energy Board's ("OEB") Decision on April 16, 2020, it has come to the attention of Elexicon Energy Inc. ("Elexicon"), that two previously approved specific service charges were excluded from the 2020 Tariff of Rates and Charges.

**Other**

Disconnect/reconnect at meter – during regular hours	\$ 65.00
Disconnect/reconnect at meter – after regular hours	\$185.00

As the rates identified above, were listed in the final 2020 Rate Generator Model, their exclusion from the Tariff sheet was likely the result of an administrative error that was not identified during earlier reviews.

Elexicon respectfully requests that the OEB issue a corrected version of the approved 2020 Tariff of Rates and Charges which includes the above rates. Elexicon notes that for consistency the term "Disconnect" should be removed from the charge descriptions.

Please contact me if you have any questions.

Sincerely,

A handwritten signature in dark ink, appearing to read 'S Reffle', is positioned above the printed name.
