RE: EB-2019-0069 – IMPLEMENTATION DATE OF NOVEMBER 1, 2020

Tillsonburg Hydro Inc (THI) is advising the Ontario Energy Board (OEB), through this letter, that the implementation of 2020 IRM Rate Decision (EB-2019-0069) will be deferred until November 1, 2020, as provided by the OEB.

THI will use the appropriate USoA accounts (DVAD 1509) to track and record any foregone revenue generated by this deferral for disposition and reporting as outlined and communicated by OEB staff.

If you have any questions relating to this matter, please contact me directly.

Sincerely,

Ian McKenzie
General Manager
