Re: COVID-19 Rate Implementation Option for EB-2019-0058

Dear Ms. Long:

In accordance with OEB letter dated April 16, 2020, Northern Ontario Wires Inc. elects to continue implementation for rates effective May 1, 2020 as approved in decision EB-2019-0058.

Implementation on this date reduces bills for most customers and avoids a bill increase resulting from the expiry of rate riders on April 30, 2020.

Yours truly,

A handwritten signature in blue ink, appearing to read "Geoffrey Sutton", is written over a light blue horizontal line.
