Enbridge Gas Inc.
500 Consumers Road
North York, Ontario M2J 1P8
Canada

April 22, 2020

VIA RESS and EMAIL

Christine Long
Board Secretary
Ontario Energy Board
2300 Yonge Street, 27th Floor
Toronto, ON M4P 1E4

Dear Ms. Long:

**Re: Enbridge Gas Inc. ("Enbridge Gas")
Ontario Energy Board ("Board") File: EB-2019-0183
Owen Sound Reinforcement Project
Change Request**

Please find attached a Change Request as submitted by Enbridge Gas Inc. ("Enbridge Gas") for the Owen Sound Reinforcement Project ("the Project").

Enbridge Gas is filing the Change Request pursuant to Condition of Approval No. 5 of the Ontario Energy Board's ("the Board") EB-2019-0183 Leave to Construct Decision and Order dated April 9, 2020.

As detailed in Attachment 1, Enbridge Gas is proposing changes to both permanent easement and temporary land use areas at various locations along the pipeline route to facilitate pipeline construction. In support of this request, Enbridge Gas is providing Updated Detailed Maps of the Pipeline Route as filed at Exhibit E, Tab 1, Schedule 3 of the pre-filed evidence and an Updated Landowner Line List filed at Exhibit E, Tab 6, Schedule 1.

The names and addresses of landowners have been redacted to safeguard the landowner privacy from the following exhibits:

- Updated Landowner Line List – Attachment 2
- Updated Detailed Maps – Attachment 3

The confidential or unredacted version of the Attachments will be provided to the Board under separate cover.

Enbridge Gas believes these changes are not significant and for this reason, respectfully requests a timely review and approval of this request.

Should you have any questions concerning this submission please contact me at (416) 495-7468.

Sincerely,

(Original Signed)

Brandon Ott
Technical Manager, Regulatory Applications

CHANGE REQUEST

Project Name: Owen Sound Reinforcement Project

OEB File Number: EB-2019-0183

Change Request: 1

Description and Rationale for Change

Enbridge Gas is proposing changes to the location and dimensions of permanent easements and temporary land use (“TLU”) areas (collectively referred to as “Land Rights”) at various locations along the pipeline route. The changes are a result of adjustments to the construction plan and are intended to benefit both the contractor and directly affected landowners. For example, there are locations along the route where it was deemed larger TLU areas are required to move construction vehicles to and around worksites and to store soil during installation. A further example involved the need to attain additional TLU at a stream crossing. In this case, without this additional TLU a number of trees would have needed to be removed which the affected landowner was opposed to. The change in private easement involved a minor deviation from constructing in road allowance into a landowner’s private property. The landowner has granted the necessary permanent easement. None of the changes in Land Rights result in a change to the pipeline route.

Construction and Restoration Practices

No impact to construction and/or restoration practices

Environmental

No impact to the environment

Consultation

Enbridge Gas has met with the directly affected landowners and no issues have been identified.

Lands

Enbridge Gas has acquired the necessary Land Rights from the landowners.

Costs

These changes have no material impact to the project costs as shown in Enbridge Gas’s leave to construct application at Exhibit E, Tab 4, Schedule 1. There is no impact

to the cost of the materials required to construct the pipeline. Enbridge Gas estimates an incremental cost of less than \$10,000 to acquire the necessary Land Rights.

Schedule

No impact to the in-service date

Attachments

Attachment 1 – Change Request Form

Attachment 2 – Updated Landowner Line List showing the Land Rights changes compared to the version filed in the leave to construct application. The changes have been highlighted in red for ease of reference.

Attachment 3 – Updated Detailed Maps of the Pipeline Route showing the location of permanent easements and TLU areas. Changes are identified as red cross-hatched areas. The top half of each individual map identifies the prior Land Rights and the bottom half of each map identifies the updated Land Rights requested.
