Ms. Christine Long
Board Secretary
Ontario Energy Board

Dear Ms. Long:

Re: EB-2019-0159 – Enbridge Gas Inc. – Kirkwall-Hamilton Pipeline Project

GEC is in receipt of Enbridge's letter of May 4th requesting an adjournment. We have had the opportunity to confer with Environmental Defence and several other intervenors. GEC endorses the requests made by Environmental Defence.

We wish to stress that obtaining IR responses at this time will be of value in the current process, in any efforts to assist Enbridge with reappraisal of alternatives, and by informing, and thereby improving the cost-effectiveness of the IRP process that the Board has now initiated. The current circumstances have created a window of opportunity to enhance environmental outcomes and save customers money that we would not wish to see wasted.

Sincerely,
