Dear Ms. Long:

**Re: EB-2019-0264: EPCOR Natural Gas Limited Partnership's ("EPCOR") 2020 Incentive Rate Adjustment Application**

---

During its review of the draft rate order issued on May 8, 2020 EPCOR determined that, while it would be applicable, an increase in the Authorized Overrun Charges for each of Rate 11 and Rate 16 had not been applied for. EPCOR therefore requests that each of these charges be increased by the Incentive Rate Adjustment (IR) of 0.0150 as calculated in the application. This would result in the Authorized Overrun Charge for Rate 11 increasing from 16.0000 cents per m<sup>3</sup> to 16.2400 cents per m<sup>3</sup>. The Authorized Overrun Charge for Rate 16 would increase from 5.0000 cents per m<sup>3</sup> to 5.0750 cents per m<sup>3</sup>. These increases would have no impact on the forecast bill impact for customers in these rate classes.

Enclosed is an updated draft rate order, with the only changes being the updates in the Authorized Overrun Charge for Rate 11 and Rate 16.

Sincerely,
