I object to Enbridge drilling a horizontal well in the K.C. Gas Field They Lie , and Canive , do illegal work practices , to get what THEY want . I have Four iseues two are major . all they do is HIDE behind a old outdated Gas Lease ! I ask you To reject there application at this point of time ? I have sent some email paper work to MNR for to revieue . I also mailed some paper work and pictures to O.E.B. 202-/03/13 with no response . You need to have a local meeting here with the land owners present to see what we really thing how Enbridge Really Operates . I invite you to come to my place so I can show you some of the damage Enbridge has done to my house and land . if you approve there permit with out looking in to this . then your as corrupt as Enbridge ! Please do not remove my name , phone # , or email address when you file this . I do not have a problem if people contact me to see how corrupt Enbridge operates . Thank You Bryan Arnold [REDACTED]
