Dear Ms. Long:

**Re: EB- 2020-0076 EPCOR Natural Gas Limited Partnership (“ENGLP”)
2020 Federal Carbon Pricing Program Application – updated Rate Schedules and
Notification Regarding Implementation Dates (2)**

Pursuant to the Board’s May 21, 2020 Interim Decision and Order in this proceeding, ENGLP writes the Board to address the following matters.

Implementation Re: Board Order #2

The Board provided ENGLP with the option to defer implementation of the Federal Carbon Charge to September 1, 2020. ENGLP confirms that it prefers to implement the change to the Federal Carbon Charge on an interim basis effective June 1, 2020.

Rate Schedules

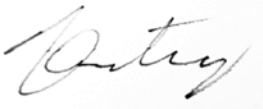

A revised set of rate schedules (rev2) is enclosed to reflect the above and provide further clarity on effective and implementation dates:

- January 1, 2020 effective date of the rates from the Board’s Draft Decision Rate Order issued on May 8, 2020 with respect to ENGLP Southern Bruce’s first annual rate adjustment under the approved Custom IR framework (EB-2019-0264) with exception of the Federal Carbon Charge
- June 1, 2020 effective and implementation date of the Federal Carbon Charge
- September 1, 2020 implementation date of all other rates and charges to the rate schedules, such that the proposed rate schedules are consistent with Board Order #4:

“All other rates approved for EPCOR Natural Gas Limited Partnership’s Southern Bruce Operations as part of the decision and rate order in EB-2018-0264, dated January 9, 2020, remain unchanged.”

Please feel free to reach out if you require additional information.
