Dear Ms. Long:

RE: Brantford Power Inc. (BPI) Participation in TOU Customer Choice Working Group and Consultation (EB-2020-0152)

I am writing on behalf of Brantford Power Inc. (OEB License No: ED-2003-0060) in regards to the Ontario Energy Board (OEB)'s recently announced *Consultation on Implementing the Process for Enabling Customers to Opt Out of Time-of-Use Pricing*, (OEB Case File EB-2020-0152).

In its letter of June 3, 2020, the OEB initiated this consultation, inviting stakeholders to participate in a Webex on June 9, 2020, to volunteer for a new TOU Customer Choice Working Group, and to indicate their intent to participate in this consultation by filing a letter.

BPI intends to participate in this consultation, and will not be requesting cost award eligibility. BPI understands it is no eligible for Cost Awards.

BPI also wishes to volunteer to be included in the TOU Customer Choice Working Group. BPI hopes to actively participate in the Working Group and to contribute to an effective program design. Specifically, BPI hopes to contribute to a solution which will: optimize customers' ability to make informed choices; enable a cost-efficient program implementation and delivery; and ensure the potential volume of requests can be met while maintaining service quality standards.

Please do not hesitate to contact me directly with any questions,

Sincerely,
