Dear Ms. Long:

Re: EB-2020-0091 – Enbridge Gas Inc. – Integrated Resource Planning Proposal

I am writing pursuant to *Procedural Order #1* to provide reply submissions of Environmental Defence on the issue list.

Environmental Defence asks that the Board refer to its submissions of June 4, 2020 and has no additional comments to add which have not already been stated eloquently by other intervenors.

Yours truly,

Kent Elson
