Dear Ms. Long:

**Re: EB-2016-0201 RPP Roadmap – Quinte Manufacturers Association Cost Claim**

The Quinte Manufacturers Association was an active participant in the above-noted proceeding and eligible to apply for cost awards. By an e-mail message dated May 8, 2020 to Mr. Michael McLeod, Mr. Justin Malecki of the Ontario Energy Board advised the Quinte Manufacturers Association (“QMA”) that due to an administrative error, the QMA was not contacted regarding the Notice of Hearing for Cost Awards. Given that oversight, the Ontario Energy Board has invited the QMA to submit its application for cost awards despite the passing of the original filing deadline.

The Quinte Manufacturers Association is an unfunded industry collaborative of small and medium manufacturers and processors in the Bay of Quinte region that provides a forum for all members to discuss energy issues and matters of common concern. The QMA believes that it meets the eligibility requirements set out in the Ontario Energy Board’s *Rules of Practice and Procedure* and the *Practice Direction on Cost Awards*. The QMA is pleased to file its request for its reasonably incurred costs and has included the necessary documentation regarding the same as required. I would ask that the cost claim payment be made directly to GH Günther Huettlin Manufacturing Inc. on behalf of the QMA.

We appreciate the Board’s attention to this matter and following-up with us. If you require further information please contact Michael McLeod at [mdmcl@kos.net](mailto:mdmcl@kos.net) or the undersigned.

Sincerely,

Scott Roodvoets
