Dear Mr. Henderson:

**Re: Request for intervenor status  
Enbridge Gas Inc. – Kimball-Colinville & Payne Well Drilling Project  
Ontario Energy Board File Number: EB-2020-0105**

This letter is in response to your request for intervenor status in the above referenced application by Enbridge Gas Inc. (Enbridge Gas). Your intervention request was received by the Ontario Energy Board (OEB) on June 11, 2020, after the date for filing such requests had closed. I understand you have advised OEB staff that if you are granted intervenor status, you will file your interrogatories by the deadline set out in Procedural Order No. 1, dated June 8, 2020.

On June 15, 2020, Enbridge Gas informed OEB staff that it did not object to your intervention request.

Mr. Henderson is approved as an intervenor pursuant to Rule 22.02 of the OEB's *Rules of Practice and Procedure*, in his capacity as a landowner who may be affected by the proposed project. Mr. Henderson is also eligible to apply for an award of costs pursuant to the OEB's *Practice Direction on Cost Awards* (Practice Direction). All deadlines in this proceeding remain as set out in Procedural Order No. 1. Mr. Henderson is reminded that his interrogatories to Enbridge Gas are due by June 18, 2020.

You are advised to carefully review the Practice Direction for information about the types of costs and disbursements that you, as an individual intervenor, may claim. For example, while wage or salary losses incurred by an individual intervenor as a result of participating in an OEB hearing may be claimed, those individuals will not generally be permitted to claim fees for their own time under the OEB's Cost Award Tariff. Further, the OEB will not generally allow the recovery of costs for the attendance of more than one representative of any party, unless a compelling reason is provided when cost claims are filed.

Eligibility to apply for recovery of costs is not a guarantee of recovery of any costs claimed. Cost awards are made by way of an OEB order at the end of a hearing. Section 5 of the Practice Direction sets out some of the matters the OEB may consider in determining the amount of a cost award.

Sincerely,

**By delegation, before: Nancy Marconi**
