Object : Application for an Electricity Wholesaler Licence – Priogen Power LLC

To Whom it may concerns,

Please find hereby enclosed, in two originals copies, our application for an Electricity Wholesaler Licence dully completed and signed by the appropriate individuals, along with the following required documents (two copies of each as well):

- A corporate Organization Chart and the Company structure overview
- Audited Financial Statements of our parent's company for 2017 and 2018
- Executed Parental Guarantee

As discussed previously by email with Mrs Stephanie Cheng of the OEB, given the current COVID-19 situation, the application fees will be paid by wire instead of by cheque. We will coordinate the payment with Mrs Cheng or with anybody at the OEB that you will indicate us.

Please do not hesitate to communicate with me for anything related to our Licence application as I am the one coordinating the effort on our side.

We are thanking you in advance for your collaboration,

Best Regards,

Michel Soucy
