**Re: EB-2019-0294 Enbridge Gas Inc.- Procedural Order number 2
Enbridge Low Carbon Energy - TSSA file SR# 2581426**

TSSA is in process of reviewing the above-mentioned pipeline project that is submitted to OEB for leave to construct. According to the procedural order number 2, the deadline for TSSA to file the report to OEB is June 30, 2020. Important information and reports from Enbridge Gas Inc. will not be available to the TSSA until June 26, 2020. TSSA requires time to consider that information and review the reports before it can comment on its own report. TSSA suggests July 10th, 2020 as new deadline to file its report on this project.

Thank you for considering this request. For any correspondence with TSSA regarding this project, please contact the undersigned.

Yours truly,

Kourosh Manouchehri, P.Eng., PMP
Fuels Safety Engineer
