Mr. Rakesh Torul
Technical Manager
Enbridge Gas Inc.
Toronto, ON M2J 1P8

Dear Mr. Torul:

RE: EB-2020-0094: Enbridge Gas Inc. (Enbridge) Application for Approval of a System Expansion Surcharge, a Temporary Connection Surcharge and an Hourly Allocation Factor

EPCOR Natural Gas Limited Partnership (EPCOR) was granted intervenor status by way of Procedural Order No. 1, issued on June 15, 2020, in respect of the above-noted matter (PO #1). Pursuant to PO#1, the parties are to file written interrogatories by July 6, 2020.

EPCOR is requesting that Enbridge produce, in advance of July 6, 2020, a copy of the “study that reviewed small volume customers’ energy costs and conversion costs” (the Study).¹ This Study appears to be the basis upon which the proposed rate of \$0.23 per cubic meter is set for the applied for System Expansion Surcharge and the Temporary Connection Surcharge. A copy of the Study was not included in Enbridge’s filed application.

EPCOR would like the opportunity to review and ask questions on the study as it pertains to the application, by the July 6, 2020 written interrogatory deadline. This request is made in the spirit of efficiency, in order to avoid any delays in the proceeding which may arise from Enbridge producing the Study at a later time and possibly giving rise to a second round of interrogatories.

We look forward to receipt of a copy of the Study such that EPCOR will have sufficient time to review the document well in advance of July 6, 2020. Should you have any questions, please contact the writer directly.

¹ EB-2020-0094, Enbridge Application: Exhibit B, Tab 1, Schedule 1, page 4 of 16.

Yours truly,

Vince Cooney, P.Eng, MBA
