To: All Rate-regulated Electricity Distributors

Re: Webinar on 2021 Filing Requirements for Electricity Distribution Rate Applications - Chapter 3 Incentive Rate-setting (IR) Applications

The Ontario Energy Board (OEB) will be holding a webinar on July 15, 2020 at 10:00am for electricity distributors that will file a rate application under the Price Cap IR and the Annual IR index methodologies as set out in the OEB's *Handbook for Utility Rate Applications*.

The webinar will focus on Chapter 3 of the Filing Requirements for Electricity Distribution Rate Applications (Filing Requirements). OEB staff will provide details on the changes made to the Filing Requirements as well as Workforms and Models required for the completion of a 2021 IR application.

On April 17, 2020 the OEB provided initial implementation guidance to electricity distributors who elected to postpone implementation of their May 1, 2020 rates.¹ This webinar will provide further guidance in relation to the recovery of forgone revenue for electricity distributors who elected to postpone the implementation of their May 1, 2020 rates due to the COVID-19 emergency.

Login information for the webinar is attached. Participants are invited to submit any questions in advance to ratemodels@oeb.ca.

Yours truly,
