Dear Mr. Beharriell:

Re: 2020 Final Uniform Transmission Rates (UTRs) (EB-2020-0180) and Alternatives for 2020 UTRs Implementation Advanced by Hydro One Networks Inc. (EB-2019-0082).

---

The Ontario Energy Board (OEB) has received Canadian Niagara Power Inc.'s (CNPI) letter of July 8, 2020 in response to the OEB's decision and order in EB-2019-0082, and alternatives proposed by Hydro One Networks Inc. (Hydro One) to defer implementation of final 2020 UTRs and/or defer collection of foregone transmission revenue.

The OEB has placed CNPI's letter on the record of the UTRs implementation proceeding (EB-2020-0180), as CNPI's comments are in scope of that proceeding and are beyond the scope of the current Hydro One EB-2019-0082 proceeding.

Any questions relating to this letter should be directed to Michael Price at [Michael.Price@oeb.ca](mailto:Michael.Price@oeb.ca).

Yours truly,
