Re: Letter of Opinion – Low Carbon Energy Project

Dear Mr. Denomy;

The Ontario Ministry of the Energy, Northern Development and Mines (ENDM) has completed its review of Enbridge's Indigenous consultation report for the Low Carbon Energy Project. This letter is to notify you that based on the information provided and through contacting the communities directly, ENDM is of the opinion that the procedural aspects of consultation undertaken by Enbridge to date for the purposes of the Ontario Energy Board's Leave to Construct approval process for the Low Carbon Energy Project is satisfactory.

If you have any questions about this letter or require any additional information, please contact Shannon McCabe at 647-924-8139 or Shannon.McCabe@Ontario.ca.

It is expected that Enbridge will continue its consultation activities with the communities throughout the life of the project, and that Enbridge will notify ENDM should any additional rights-based concerns/issues arise.

Sincerely,
