RE: OEB licence EW-2015-0252 renewal and company name change request

Dear Board Secretary,

On May 4, 2020, North American Palladium Ltd. submitted an amendment request for licence EB-2015-0252 to change the licensee name to Impala Canada Ltd. This licence amendment request was assigned the file number EB-2020-0139.

As per communications with Lester Yue of the OEB, we would like to formally withdraw application EB-2020-0139 and file a renewal application for licence EW-2015-0252 under our new company name (Impala Canada Ltd.).

Please find the following documentation attached to support this application:

- 1. Electricity_Wholesaler_Application – Impala Canada 20200727.pdf**
Completed electricity wholesaler licence application form. This document includes audited financial statements for the last two years and the current corporate organization chart.
- 2. Articles of Arrangement – North American Palladium.pdf**
Certificate of Arrangement – North American Palladium.pdf
Supporting documentation for the name change from North American Palladium Ltd. to Impala Canada Ltd. as approved by the Ontario Superior Court of Justice.

Background of corporate name change: North American Palladium Ltd. was recently acquired by Impala Platinum Holdings Limited. While the primary asset and operations (Lac des Iles mine) remain the same, the corporate structure has changed. By the Plan of Arrangement, Impala Platinum Holdings Limited incorporated 11638050 Canada Inc. to amalgamate by acquisition both North American Palladium Ltd. and Lac des Iles Mines Ltd. Once this amalgamation was completed, 11638050 Canada Inc. changed its name to Impala Canada Ltd.

Thank you for your assistance in this matter.

Amar Shah
Chief Financial Officer
Impala Canada Ltd.
