Dear Mr. Bortolin:

Re: Lagasco Inc.
Application for determination of natural gas pipeline classification
Ontario Energy Board File Number: EB-2019-0166
Amended Procedural Order No. 2

On August 7, 2020, the Ontario Energy Board (OEB) issued Procedural Order No. 2 (PO2), which cancelled the procedural steps set forth in Procedural Order No. 1. PO2 set new procedural steps for the filing of OEB staff and intervenor evidence, interrogatories on that evidence, and submissions on the merits of an oral hearing. PO2 did not include a due date for responses by OEB staff and intervenors to interrogatories on their evidence. The due date for submissions on the merits of an oral or electronic hearing was set for Monday, September 7, 2020, which is Labour Day.

Section 4.03 of the OEB's Rules of Practice and Procedure states that the OEB may at any time amend any procedural order. The OEB has therefore amended PO No. 2 to allow for responses by OEB staff and intervenors to interrogatories on their evidence, and to adjust the due date for submissions on the merits of an oral or electronic hearing.

Please direct any questions relating to this application to the Case Manager, Ritchie Murray, Project Advisor, at 416-544-5182 or Ritchie.Murray@oeb.ca, or OEB Counsel, Michael Millar, at Michael.Millar@oeb.ca.

Yours truly,

Original Signed By

Christine E. Long
Registrar and Board Secretary
