**Enbridge Gas Inc. has applied to raise its natural
gas rates effective January 1, 2021**

Learn more. Have your say.

Enbridge Gas Inc. has applied to the Ontario Energy Board for approval to raise its natural gas rates effective January 1, 2021, based on a rate-setting framework and other adjustments previously approved by the Ontario Energy Board for the period 2019-2023. The rates are set using a formula that is tied to inflation and other factors intended to promote efficiency. If the request is approved, a typical residential customer in the EGD Rate Zone and in the Union Rate Zones (former customers of Enbridge Gas Distribution Inc. and Union Gas Limited, respectively) would see the following increases:

| Rate Zones | Residential Annual Bill Increase |
|------------------|----------------------------------|
| EGD | \$ 1.99 |
| Union South | \$ 8.91 |
| Union North East | \$ 10.72 |
| Union North West | \$ 10.40 |

Other customers may be affected. It is important to review the application carefully to determine whether you will be affected by the changes.

THE ONTARIO ENERGY BOARD IS HOLDING A PUBLIC HEARING

The Ontario Energy Board (OEB) will hold a public hearing to consider the application filed by Enbridge Gas Inc. We will question Enbridge Gas Inc. on the case. We will also hear questions and arguments from individual customers and from groups that represent the customers of Enbridge Gas Inc. The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.

**Enbridge Gas Inc. has applied to raise its natural
gas rates effective January 1, 2021**

Learn more. Have your say.

Enbridge Gas Inc. has applied to the Ontario Energy Board for approval to raise its natural gas rates effective January 1, 2021, based on a rate-setting framework and other adjustments previously approved by the Ontario Energy Board for the period 2019-2023. The rates are set using a formula that is tied to inflation and other factors intended to promote efficiency. If the request is approved, a typical residential customer in the EGD Rate Zone and in the Union Rate Zones (former customers of Enbridge Gas Distribution Inc. and Union Gas Limited, respectively) would see the following increases:

| Rate Zones | Residential Annual Bill Increase |
|------------------|----------------------------------|
| EGD | \$ 1.99 |
| Union South | \$ 8.91 |
| Union North East | \$ 10.72 |
| Union North West | \$ 10.40 |

Other customers may be affected. It is important to review the application carefully to determine whether you will be affected by the changes.
