**Re: EB-2020-0067: Enbridge 2017/2018 Demand Side Management (DSM) Deferral and Variance
Account Disposition Application
Pollution Probe Intervenor Request Letter**

Dear Ms. Long:

Pollution Probe is in receipt of the notice for the above-noted proceeding and hereby applies for Intervenor status and requests that it be eligible for the recovery of its reasonably incurred costs.

Pollution Probe represents consumers, community and policy interests in Ontario and works collaboratively with stakeholders including consumers, municipalities and related organizations. Pollution Probe is a frequent intervenor in Board proceedings and a copy of the current Annual Filing can be found on the Board's website at the following location:

<http://www.rds.oeb.ca/HPECMWebDrawer/Record/647508/File/document>

Goals and Objectives

Pollution Probe intends to focus on the basis and appropriateness of the DSM Deferral and Variance amounts proposed to be cleared. Pollution Probe also proposes that Enbridge should file the related materials (e.g. 2017 & 2018 verification reports) referenced in their filing since they are fundamental to this proceeding.

Pollution Probe has been an active and valuable participant in proceedings before the Ontario Energy Board and will continue to coordinate its activities, where appropriate, with parties which represent other consumer and environmental interests in Ontario.

Intention to Seek Cost Awards

Pollution Probe is a not-for-profit charitable organization. We receive individual donations as well as funding for individual research projects, such as on EVs, future of energy in a low carbon energy system and regulated utility innovation, from a variety of public and private sources. Without the prospect of an award of costs, Pollution Probe's ability to participate in the consultation process would be very limited.

Pollution Probe respectfully requests your acceptance of this request for intervenor status and confirmation that it will be eligible for its costs.

Pollution Probe requests that further communications with respect to this matter be sent to:
