Dear Ms. Long:

**Re: Enbridge Gas Inc. (Enbridge Gas)
Covid-19 Energy Assistance Program – Small Business**

On August 7, 2020 the Ontario Energy Board (OEB) sent a letter to the four natural gas distributors that will be eligible for COVID-19 Energy Assistance Program – Small Business (CEAP-SB) funding. The OEB's letter sets out the OEB's expectations and conditions for the gas distributors to provide CEAP-SB and be reimbursed for any CEAP-SB credits provided to their low-volume small business and registered charity customers.

Of the \$8 million in funding that the government is making available for CEAP-SB to help small business and registered charity customers, the amount allocated to Enbridge Gas is \$3.2 million.

Enbridge Gas confirms that it will offer CEAP-SB to its customers in the manner described in the OEB's August 7, 2020 letter.

Should you have any questions concerning this submission please contact the undersigned.

Yours truly,

(Original Ditially Signed)
