RE: EB-2020-0160 – EGI Windsor Line – S101 Application – FRPO Motion

We are writing on behalf of the Federation of Rental-housing Providers of Ontario (FRPO) in response to the Board's letter of clarification of August 28th.

Evidence from the County of Essex revealed its concern over capacity on the western leg of the Windsor Line replacement that was not included in issues in the original EB-2010-0172 proceeding. Given our desire to ensure the Board was fully informed and to pursue understanding in the interest of contributing to a compromise in the public interest, we requested information on the actual capacity of the western half of the replacement pipe proposed.

Having received the Board's above-referenced letter, FRPO formally withdraws its motion submitted August 24th.

Respectfully Submitted on Behalf of FRPO,

Dwayne R. Quinn
Principal
