Counsel for Superior Energy Management

Statement of Interest

1. Superior Energy Management ("SEM"), a division of Superior Plus Inc., is licensed by the Ontario Energy Board as a natural gas marketer and provides natural gas commodity supply to residential, commercial and industrial customers with operations in the Enbridge Gas Distribution Inc. ("Enbridge") franchise area.
2. SEM has particular interest in all issues in Enbridge's EB-2006-0034 2007 Rate Case Application (the "Application") which pertain to, and/or impact the efficient operation of the retail natural gas market and natural gas customers in Ontario.

Intervention

3. SEM hereby gives notice of its intention to intervene in, and appear at, the hearing in the EB-2006-0034 Application, including any proceedings or meetings relating to the hearing of the Application.
4. SEM reserves the right to be heard, to appear by or with counsel, to cross-examine on all matters raised during any hearing that may relate to its interests, to adduce evidence on specific matters of its choice related to the Application, and to present argument.
5. SEM hereby requests that the Board, Enbridge and all other intervenors provide it and its counsel with copies of all evidence and correspondence related to the Application and any hearing relating to the Application.

6. The Board's Practice Direction on Cost Awards provides that wholesale and retail gas marketers are not eligible for costs except in "special circumstances". The state of the evidence in the EB-2006-0034 Application is currently not sufficient to determine whether special circumstances may be present in this proceeding. SEM therefore will not be claiming eligibility for a cost award at this time and reserves the right to apply for eligibility should special circumstances arise as this proceeding develops.
