Applying to increase the charges of hydro during a time when some are about to be forced to choose between food and heat is inconsiderate, greedy and feels ostentatious.

I am shaking at the thought of paying more than \$100/month for the few items I ever plug in as it means I don't only have to get 2 full time jobs to cover what I made pre-covid, I need to get a 3rd partime job as well.

Please do not approve this until after we are back in full swing (meaning Casinos are also fully reopened) from this pandemic.
