Toronto, ON M4P 1E4

Dear Ms. Long:

Re: EB-2018-0263: EPCOR Natural Gas Limited Partnership ("ENGLP") – Southern Bruce Project Leave to Construct Application

Pursuant to Schedule-B Conditions of Approval, Section 2(b)(iv) of the Decision and Order dated July 19, 2020 in this proceeding, ENGLP must provide written notice of the project in-service date no later than 10 days after the facilities go into service.

On review of this matter, ENGLP has determined that notice was not filed with the Board within the above-noted timeline.¹ This oversight came about during a period of construction delays and staff transition in respect of personnel providing regulatory supports. This letter confirms that ENGLP's first customer was connected on August 10, 2020.

ENGLP requests that the Board accept this correspondence as sufficient to meet the requirements set out in the Conditions of Approval.

If you have any questions or require additional information, please contact the undersigned.

Sincerely,

A handwritten signature in blue ink, appearing to read "T. Hesselink", with a stylized flourish at the end.

Senior Manager, Regulatory Affairs

¹ In EB-2020-0206 ENGLP referred to a mid-August in-service date for the project in its South Bruce QRAM filed on September 10, 2020.
