Re: Consumers Council of Canada – Cost Claim Filing Extension

On September 17, 2020, the Ontario Energy Board (OEB) issued its Decision and Order in this proceeding, which among other matters, established dates for the filing of cost claims for cost eligible intervenors, namely Consumers Council of Canada (CCC), Balsam Lake Coalition (BLC) and Federation of Ontario Cottagers' Association (FOCA).

On September 23, 2020, CCC, through its representative, filed a letter with the OEB requesting a one-week extension for the filing of its cost claim. CCC advised that its representative is currently out of town and, as a result, it would be unable to file its claim by the required date of September 24, 2020. CCC stated that it would ensure its cost claim would be filed by October 1.

The OEB grants CCC's request given the circumstances outlined by CCC. The OEB has accordingly revised the dates for the filing of cost claims and any objections and reply as shown below:

1. CCC, FOCA and BLC shall submit their cost claims for their participation in the merits phase of the Motion proceeding no later than **October 1, 2020**.
2. Hydro One Networks Inc. shall file with the OEB and forward to CCC, FOCA and BLC any objections to the claimed costs no later than **October 8, 2020**.
3. CCC, FOCA and BLC shall file with the OEB and forward to Hydro One Networks Inc. any reply to any objections to the cost claims no later than **October 15, 2020**.

All other dates established in the Decision and Order remain unchanged.

Yours truly,
