Utility Remuneration and Responding to Distributed Energy Resources
Board File Numbers: EB-2018-0287 and EB-2018-0288

On September 24, 2020, the Ontario Energy Board issued a letter (the September Letter) outlining the cost award process for Utility Remuneration and Responding to Distributed Energy Resources. The letter inadvertently omitted one eligible participant, the Electric Vehicle Society. The cost award process and timelines in the September Letter remain the same.
