RE: Update to Bluewater Power Rates effective November 1, 2020 - EB-2019-0021

Dear Ms. Long,

Bluewater Power Distribution Corporation ("Bluewater") requests an update to the Foregone Revenue rate model to reflect a six month disposition period for the Group 1 Deferral and Variance Account ("DVA") disposition.

The original Foregone Revenue rate model and correspondence filed with the OEB on September 4, 2020 requested a six month disposition period for the foregone revenue rate riders and a twelve month disposition for the Group 1 DVA rate riders in accordance with the filing guidelines at that time.

Bluewater now requests a shorter six month disposition for the Group 1 DVA rate riders so that the rate rider implementation will align with Bluewater's rate year which will end April 30, 2021. Furthermore, customers can benefit from a reduced bill impact given that the sum of the DVA rate riders result in a credit to customers.

Bluewater has submitted an updated forgone revenue rate model in excel format via RESS. Please feel free to contact me if there are any questions.

Sincerely,

A handwritten signature in blue ink that reads "L. Dugas".
