**Re: EB-2020-0134 Enbridge 2019 Utility Earnings and Disposition of Deferral and Variance Account Balances**

Dear Ms. Long:

Pollution Probe is in receipt of the notice for the above noted proceeding and hereby applies for intervenor status and requests that it be eligible for the recovery of reasonably incurred costs for its participation. Pollution Probe represents an environmental, consumer and policy interest and also works with organizations including the Clean Air Partnership and Clean Air Council that represents communities and consumers across Ontario.

Pollution Probe is a frequent intervenor in Board proceedings and a copy of our current Annual Filing can be found on the Board's website at the following location:

<http://www.rds.oeb.ca/HPECMWebDrawer/Record/647508/File/document>

**Goals and Objectives**

Pollution Probe intends to focus on the content of the 2019 Deferral and Variance Accounts and basis for the requested clearance. There are a large number of accounts put forward for clearance and these accounts include amounts where Pollution Probe has a direct consumer and policy perspective aligned with the Board's mandate in the proceeding.

Pollution Probe intends to participate in all pre-hearing procedures, including interrogatories, technical conferences, or settlement conference, as the Board may direct. It also intends to participate in any written or oral hearing for which the Board may provide.

**Intention to Seek Cost Awards**

Pollution Probe is a not-for-profit charitable organization. We receive individual donations as well as funding for consumer and research projects, such as on community energy planning, future of natural gas and regulated utility innovation, from a variety of public and private sources. Without the prospect of an award of costs, Pollution Probe's ability to participate in the consultation process would not be possible.

---

Pollution Probe has been an active and valuable participant in proceedings before the Ontario Energy Board and will continue to coordinate its activities, where appropriate, with other parties which represent consumer, municipal and environmental interests in Ontario.

Pollution Probe respectfully requests your acceptance of this request to participate and confirmation that it will be eligible for its costs.
