Dear Mr. Shepherd:

**Re: Waterloo North Hydro Inc. (Waterloo North Hydro)
Follow Up Questions from School Energy Coalition
Ontario Energy Board (OEB) File Number: EB-2020-0059**

On October 7, 2020 the School Energy Coalition (SEC) filed with the OEB Board Secretary a document setting out "Follow up Questions" related to interrogatories filed by OEB staff and intervenors in the above-noted proceeding.

As you are aware, Procedural Order No. 1 (PO 1) dated August 24, 2020 set out timelines with respect to the filing of written interrogatories and responses to interrogatories. Interrogatories were due by September 10, 2020 and responses were due on September 28, 2020. The record of this proceeding indicates that SEC filed its interrogatories on September 10, 2020. As PO 1 did not make provision for a second round of interrogatories, the document filed by SEC on October 7, 2020 should not have been filed with the OEB Board Secretary and will be removed from the record of this proceeding.

The OEB notes that a settlement conference is scheduled in this matter for October 14-15, 2020 and intervenors and OEB staff may submit further written questions that parties may address at the settlement conference and, if settlement is reached, the questions may be appended to the settlement agreement. However, such questions and responses, if any, are not filed on the record ahead of the settlement conference.

Yours truly,
