Dear Mr. Buonaguro:

**Re: Request for intervenor status and cost eligibility
Application by Enbridge Gas Inc. (Enbridge Gas)
to clear 2017/2018 balances in certain Demand Side Management
deferral and variance accounts
Ontario Energy Board File No.: EB-2020-0067**

This letter is in response to your e-mail dated October 2, 2020, inquiring about your intervention request, filed on behalf of the Ontario Greenhouse Vegetable Growers (OGVG), in the above proceeding. In your e-mail you note that although your letter requesting intervenor status was filed with the Ontario Energy Board (OEB) on August 6, 2020, it was not addressed in the OEB's Procedural Order No. 1, dated September 3, 2020. In your e-mail you also note that if OGVG is granted late intervenor status, it will "be prepared to rely on the interrogatories posed by Board Staff and other intervenors and forego the opportunity to pose our own interrogatories, such that the governing timetable would remain unaffected."

The OEB is in receipt of your August 6th letter and due to an administrative error your letter was not recorded in the OEB's case management system.

OGVG is approved as an intervenor and is eligible to apply for an award of costs under the OEB's *Practice Direction on Cost Awards*. OGVG shall accept the record of the proceeding as it stands to this point. OGVG is reminded that pursuant to Procedural Order No. 1, intervenor submissions are due by **October 28, 2020**.

Yours truly,
