I'm writing in objection to a rate increasing. During this time where my business is all but closed, I'm using hardly any electricity, my usage is a FRACTION of my bill. This is NOT the time to be increasing rates. I can't even pay my bill as it is (but don't qualify for assistance, because I scraped together enough to pay it, so I'm not FAR ENOUGH behind). Approving an increase is a slap in the face to business owners who can't make ends meet as it is.
