Re: Hydro One Networks Inc. – Request for Extension of Interrogatory Response Filing Date

On October 9, 2020, the Ontario Energy Board (OEB) issued its Procedural Order No. 1 (PO#1) in this proceeding, which among other matters established dates for the filing of interrogatory responses by Hydro One Networks Inc. (Hydro One)

On October 22, 2020, Hydro One filed a letter with the OEB requesting a four day extension for the filing of its interrogatory responses and other related changes to the schedule established in PO#1.

The OEB grants Hydro One's request. The OEB has accordingly revised the dates established in PO#1 as shown below:

1. Hydro One shall file with the OEB complete written responses to the interrogatories and serve them on all Intervenors by **October 30, 2020**.
2. Any written submissions by OEB staff and intervenors shall be filed with the OEB and served on all other parties by **November 18, 2020**.
3. Hydro One may file a written reply submission with the OEB and serve it on intervenors by **November 24, 2020**.

Yours truly,
