I'm the owner of [REDACTED] Limited that owns the land at [REDACTED] I have major concerns that need to be addressed that effect my land. I have been in communication with an Enbridge agent and have a full record of our communication with respect to my land. I'm writing/commenting here, as I have been directed to by this agent today as to not lose my right to appeal if needed. I have expressed in detail to the agent the concerns I have and the agent has assured me that Enbridge will compensate and over come any negative impacts that the pipeline will create on my land.
