North York, ON, M2J 1P8

Dear Mr. Torul:

**Re: Enbridge Gas Inc. (Enbridge Gas)
Application for Incremental Capital Module Funding – 2021 Rates
OEB File Number: EB-2020-0181**

On June 30, 2020, Enbridge Gas filed an application (EB-2020-0095) with the Ontario Energy Board (OEB) to adjust its rates effective January 1, 2021. The application dealt with the price cap and other pass through cost adjustments. Enbridge Gas advised the OEB that it will file evidence in relation to the request for incremental capital module (ICM) funding including a consolidated Utility System Plan, an Asset Management Plan and a Customer Engagement Study, referred to as Phase 2, in October 2020.

In a letter dated July 14, 2020 in EB-2020-0095, the OEB determined that it will process the Phase 1 and Phase 2 filings for the 2021 rate application as separate applications. Accordingly, Enbridge Gas filed its evidence related to ICM funding (this application) on October 15, 2020.

The OEB has completed a preliminary review and will now commence the processing of your application. The next steps will be communicated in due course.

Please direct any questions relating to the applications to the Case Manager, Khalil Viraney, at 416-440-7729 or Khalil.Viraney@oeb.ca.

Yours truly,

Original Signed By

Christine E. Long
